POSTGAME QUOTES

Minnesota Timberwolves vs. Los Angeles Clippers – Nov. 12, 2016

Clippers Head Coach Doc Rivers

On the team's performance considering a back to back…
"That was good. That was great. I thought the key was early though, I thought our starters came out and performed great, the defensive energy… Luc right now is – there's nobody in the league a better defensive player than Luc, I mean what he is doing and when you have him and DJ together, it just makes our defense special and the fact that he's scoring is all gravy right now, so it's been good."

On Blake Griffin…
"Last night Blake had it going in the third quarter and I don't think he got a shot in the fourth quarter because the ball was moving to other people and he was the guy moving it. He is just a great scorer but he is such an unselfish scorer that it makes our team better.

On fouling DeAndre Jordan…
I don't like the hacking stuff at all, but teams have done it back-to-back nights and there's nothing you can do about it. DJ's making the free throws, so we're good.

On the difficulty as a player to stay locked in throughout the season…
"Yeah it's a lot of games, I think we're doing the best we can. I was worried about tonight, to be honest yet they still had good focus so that's all you can ask for. When your starters give you, I think 90 points, you're going to win a lot of games.

On Luc Hitting Big Shots…
"He's been doing it the last three or four games he's got great confidence, more importantly our guys have confidence in him. Blake made a pass to him in the left corner – last year that pass probably wouldn't have been made and that shot wouldn't have been taken, so the fact that we're trusting the pass and Luc's taking the shot has been important for us.

On feeling good about the start to the season…
Well our bench is different, I said it before the year this is the best team I've had here, but we've gotta keep doing it we've gotta keep getting better and perform, this is a heck of a basketball team.
