

POSTGAME QUOTES

Minnesota Timberwolves vs. Los Angeles Clippers– Nov. 12, 2016

Clippers Guard Chris Paul

On working with each other...

“Just holding each other accountable. We talk about each game, after last night’s game we talked about coming out and making sure we got this one. During warm-ups we talked about it and communicated, we got to bring our energy and we did”

On Luc’s offense...

“Luc [Mbah a Moute] is our stopper, our defender. I’m probably on him more than anybody about shooting the ball with confidence because of how much work he put into the summer, so it’s always good to see him making shots like that.”

Clippers Center DeAndre Jordan

On Cole Aldrich...

“We had a lot of words for Cole. I miss Cole man, he was a great teammate and he’s going to be great for them. I’m happy for him, he’s back home, but we definitely miss him.”

On being more consistent at the free throw line...

“Tonight was a good night, last night was okay. If it’s a night where I’m making them, that’s why we got Mo. He comes in and he’s going to knock them down, they’re not going to do it, then we continue to get stops. Then if we’re up big then I don’t have to go back in but if we’re not then I’ll go back in and get stops and we’ll figure it out.
