Minnesota Timberwolves vs. Los Angeles Lakers – Nov. 13, 2016

Lakers Head Coach Luke Walton

On the Timberwolves' aggressiveness...

"They [Timberwolves] played more aggressive than we did. That was obviously where we wanted to be but there's not many teams in the NBA that go three and four nights on the road and can bring it on that last night. We'll continue to get better, at that point it becomes more mental than anything else and we didn't have that tonight."

On the difficulty of Wiggins...

"We couldn't keep him off the line. He shot 22 free throws, something like that and you let a player as good as him get an additional 22 free chances at it... one, he's going to score a lot and two, he's going to get hot because he's in a rhythm from all the free throws he's shooting. We couldn't really contain him tonight."

On the takeaway from this trip...

"A good road trip 2-1. Keep our heads up, go home, take the day off; tomorrow let the guys rest up, and get back to work on Tuesday."
