

POSTGAME QUOTES

Minnesota Timberwolves vs. Philadelphia 76ers – Nov. 17, 2016

Sixers Center Joel Embiid

On Minnesota's familiarity with each other...

"They've been playing together for what, two or three years? They keep getting better. They're young and they're still going to get better. That's what we've got to get to. When you learn how to play with each other, it's easier to play."

On Andrew Wiggins' game...

"I thought he had a great game. He made shots. He had more than 30 points... he just had a great game."

Sixers Guard Gerald Henderson

On Philadelphia's effort...

"We didn't start the game horribly, but we just didn't sustain our energy and effort. They played really hungry. Last time we played very hungry, but we didn't sustain that, especially in that second quarter they really took off."

On Minnesota...

"They played good tonight. They're not killing the game. They played well tonight. They've got some good, talented young players that know how to score the basketball and they beat us tonight."
